

## Session Details

Sessions should be fun and stress free!! One to two days before your scheduled photo shoot, I will contact you via phone to discuss your vision for the session and portraits. All sessions are held on location.

Within 5 days of your shoot, I will post a preview of our session on my photography blog. [www.taliadraperphotography.blogspot.com](http://www.taliadraperphotography.blogspot.com)

If you are ordering prints and other products from me, I will post 20-30 edited photos on the following website for your review. For your convenience, you may also order directly from this website. [www.taliadraperphotography.instaproofs.com](http://www.taliadraperphotography.instaproofs.com)  
All images are available within two weeks of your session.

If you are purchasing a CD of your images, you will receive a disk with 20 edited images within 2 weeks of your session.

## Specific Information

### **Outdoor Portraits:**

- Open shade is preferred. This will eliminate harsh shadows and avoid squinting eyes.
- The best time of day is 2-3 hours before the sun sets.
- In case of inclement weather, I will contact you to reschedule our shoot.

### **Indoor Portraits:**

- Preferred for newborns/infants.

### **Newborn/Infant Sessions:**

- Preferred to be indoors.
- We can work together to find the best time of day for your cute little one.
- Feedings, diaper changes, and snuggle times are welcomed.

### **Children Sessions:**

- Should be fun fun fun!!! This way, I can capture the natural essence of your child.
- I recommend bringing a favorite toy or object that your child can enjoy during the shoot.

**Family Sessions:**

- Include both posed and candid shots.
- Posed shots will be done at the beginning of the shoot.

**What to wear:**

- I recommend wearing clothing that is simple. Busy clothing with a lot of print or design generally detracts from the overall feel of the photograph.
- Brightly colored clothing is great!
- White shirts are not always recommended. White tends to wash things out. Color is always better!

**\*\*Please note that the \$55.00 session fee includes 1-2 hours of the photographers time capturing your special moments. As well as post-session editing of your photographs. Each session is intended for one family as a whole. If there are multiple families attending the shoot and the photographer is asked to take separate shots of each family, there will be an additional charge of \$35.00 per family. The session fee is due on the day of the session.**
